

Important Information About Your eVA Account

NEW eVA Platform Coming January 2022

For 20 years, eVA has been *the* marketplace for Virginia and an award-winning procurement system that provides a centralized, online purchasing hub for state and local entities and businesses like you, who provide essential goods and services for the Commonwealth.

We're excited to announce eVA is [transitioning to a new platform on January 3, 2022](#) to deliver modernized technology, tools and capabilities to make the purchasing process easier, more intuitive, and streamlined for all of our users.

All of this stays the same:

Your existing eVA user name and password

Your existing eVA account information will be automatically transferred to the new platform (address, email, NIGP codes, etc.)

Punchout catalogs will convert to the new platform (Punchout Suppliers will receive an email soon!)

Daily lead notifications and rating (giving a thumbs up or down) of your leads will not change

eVA website resources, like our transparency tools (*Report and Resource Center*) and public posting of bidding opportunities and award information on the *Virginia Business Opportunity* page

Here is what's new and exciting:

The new platform gives you access to all of your account information in one place, including orders, bidding, account details and more.

Access orders directly from your account!

Streamlined bidding tools
